

Updates will be made to this document as information is received; note date above to confirm.

To schools in second and subsequent years of school improvement status:

The summaries of the providers' information are organized by areas of the state, and within each area by K-12 and K-8 (new this year). The first section includes those that will serve all districts/LEAs in the state. Copy and paste this whole section into your document to send to parents. Then go to the regional sections and choose the providers who will serve your district/LEA and include those summaries in the parents' document. You must inform eligible parents of all providers who are approved to serve all districts/LEAs and your district/LEA.

**Supplemental Educational Services (SES) Provider Summaries
July 2010**

Parents: Summaries of services offered by the state's approved Supplemental Educational Services (SES) providers for after-school tutoring are included below. If you have questions about a program or other information given by the providers, contact the building principal or other district contact person provided in the SES letter. For a full summary of services, click on individual provider names at the following website:

http://dese.mo.gov/divimprove/fedprog/grantmgmt/Supplemental_Services/

NOTE: Evidence of Effectiveness is often based on the provider's own assessments. Updates will be made to this document as information is received and highlighted in green; note date above to confirm.
