

II. CENTRAL DIRECTORY (34 CFR 303.301)

The State of Missouri assures that it has developed a central directory of information, which includes:

1. public and private early intervention services, resources, and experts available in the State (Provider Matrix);
2. research and demonstration projects being conducted in the State, and;
3. professional and other groups that provide assistance to children eligible under this part and their families.

The State of Missouri ensures that the central directory is in sufficient detail to:

1. ensure that the general public will be able to determine the nature and scope of the services and the assistance available from each of the sources listed in the directory, and
2. enable the parent of a child eligible under this part to contact, by telephone or letter, any of the sources listed in the directory.

The State of Missouri ensures that the central directory is:

1. updated at least annually, and
2. accessible to the general public.

The State of Missouri assures that information about the central directory is available in each geographic region of the State, including rural areas, and in places and a manner that ensure accessibility by persons with disabilities.
